

PURE

DAY SPA

To realise one's nature perfectly

The Dream . . .

The dream began with the union of a beauty/holistic therapist and a chef who had always wanted to open a Day Spa. So they visited many spa's receiving various treatments, and experiencing the many different rituals and ambiances in each country. They then returned to Northern Ireland with great knowledge of experiences and techniques and opened their own private Day Spa. That is when the dream became reality and Pure was born.

Pure Day Spa opened in July 2003 in the naturally tranquil countryside of Killinchy, Co. Down. As you step inside you will be enveloped in a calming atmosphere which will help your stress float away, your spirit free, and your body relaxed.

The Experience . . .

Pure is a unique and peaceful Day Spa that will leave you feeling lighter in mind, body and spirit. Your experience is a journey you will want to repeat, and your therapist will ensure that you need only to relax. Each ritual will include resting in a Hydrotherapy Massage Pool, with Colour Therapy to de-stress you, relaxing in an Aromatherapy Steam Room to revitalise you, floating away in our relaxation areas and enjoying a selection of luxury treatments. Morning coffee, afternoon tea, and beverages will also be incorporated into all Rituals and lunch will be included in Full Day Rituals or added as an extra on Half Day Rituals at a cost of £20 per person when available. Food requests are welcomed and accommodated when possible, although our daily menu does cater for a wide range of tastes.

*The aim of life is self development,
To realise one's nature perfectly,
That is what we are here for.*
